PROCESS

Pre-shipment arrangement

When sharing the respective purchase order with the supplier, it is needed to share the shipping documents with e-visible team. E-visible team will do;

1. Follow the shipment arrangement
2. Ensure the shipment schedules to meet the required in-house dates
3. Verify the shipping documents prior to finalize
4. Carrier arrangement and instructions
5. Assist with trade finance related activities (Advance payments, LC and etc.)
6. Assist and correct if any discrepancies of the documents

Shipment arrangement from the origin to the destination port is covering under the pre-shipment arrangement.

Shipment clearance and inland Logistics

Once the shipment on-boarded e-visible will follow the relevant documents and work with all the related stake holders to ensure the on-time delivery of the goods.

1. Documents verification
2. Bank endorsements
3. Verification and processing of Customs payments and other payments (SLPA, Warehouse &etc.)
4. Coordination with the carriers and freight forwarders.
5. Fulfil all the customs formalities and regulatory requirements.
6. Verify customs declarations (CusDec)
7. Complete any type of customs clearances.

Trade finance related activities

e-visible will manage your trade finance related activities against your purchase order or sales order from Advance payments or LC opening up to the supplier payments.

1. Advance payments arrangement and monitoring
2. LC opening and maintaining
3. Obtaining bank endorsements and shipping guarantees
4. Follow up and make sure the on-line supplier payments
5. Shipping guarantee cancellation and all other trade related activities

Marine Insurance

E-visible can work with your nominated insurance issuer to obtain and manage all insurance related matters from obtaining and assist up to claiming (if any).

Capacity planning

e-VISIBLE will plan the deliveries based on your priority, warehouse capacity, man power and the utilization with an efficient ad cost effective manner. A proper scheduled delivery will minimize the rent of material handling equipment, transport detentions and all the relevant cost factors.

Post shipment activities and local vendor payments

e-VISIBLE will manage the shipping related activities which may have to be completed upon the clearance of shipments.

1. Sample drawings
2. Obtaining required approvals (SLSI, ITI, NIHS, AEA & etc.)
3. Validate and arrange payments for freight, customs clearance and inland transportation
4. Container deposits management
